

Displays/Raven CR7

Raven's lightest and most cost-efficient display, CR7, is intuitive and easy to use. The CR7 is a 7-inch lightweight field computer with customizable in-job layouts. A simple widget concept, easily accessible settings, and ISO Universal Terminal (UT) and Task Controller capabilities make this mighty unit an affordable plug-and-play system.

Key Features

- Simplified, customisable widget layout.
- Ability to access settings page from inside a job.
- Map-based navigation.
- Auto field boundaries keep you organized automatically.
- Interactive field/job list and map view.
- Slingshot® ready for file transfer and remote support.
- ISO Universal Terminal and Task Controller functionality available.
- Straight A-B, A plus heading, pivot, contour, and last pass guidance.
- Multiple language support and customisable units.

Operating Software

The powerful CR7 operating system user interface features easy job set-up, fewer touches, and greater efficiencies, empowering the user with extraordinary data management capabilities. It boasts a simple widget concept, easily accessible settings, and ISO Universal Terminal and Task Controller capabilities.
